
[WRM Survey 2024: Your feedback is important to us!](#)

Every two years we conduct a survey within the WRM network about the content of our bulletin and other materials, including booklets, briefings, videos and podcasts.

Your suggestions and constructive criticism are essential for the planning and production of these materials.

We kindly ask that you respond to [this brief questionnaire here](#). It should take no more than 10 minutes of your time.

Thank you!
