
[Webinar: “Tree Plantations, Carbon Markets and Resistances”](#)

On the eve of the International Day of Struggle against Tree Monocultures, we invite you to participate in the **webinar “Tree Plantations, Carbon Markets and Resistances”**.

It will be on Friday 20th September at 7:00hs Mexico City, 8:00hs Bogota, 10 hs São Paulo, 14:00hs Yaoundé, 15hs Central Europe, 16:00hs Kampala, 18:30hs New Delhi, 20:00hs Jakarta.

In this webinar, community members and activists from Brazil, Gabon, Cameroon and Sierra Leone will share about plantations impacts and struggles to defend their territories in face of the advance of tree monocultures for carbon markets.

We will also share information about the expansion of these plantations for carbon markets and the interests behind them.

Please, [register here](#) to attend the webinar by Zoom.

You can also watch it live on our [YouTube channel](#) and [Facebook page](#).

New briefing

We also share the new WRM publication “**Tree plantations for the carbon market. Why, how and where are they expanding?**”

This briefing provides an overview of the expansion of these plantations: where they are located, how they look like, who is profiting from them, what have been the impacts for communities living on the lands these projects occupy, and what international initiatives are taking place to boost tree plantations for carbon offsetting.
